Re: Request No: RFQ No. 2008-007

Dear Ms. Peterson

We have had a working relationship with Day Construction Company over the last nine (9) years and have found them to be very proficient in their management of various construction projects. Day Construction has managed all of our associated projects in a manner that allowed them to be completed on or ahead of schedule while maintaining an excellent rapport with the owners and various building departments involved. All invoices, requests for information, submittals, and on site coordination were handled very professionally and promptly.

We would welcome the opportunity to continue working with Day Construction Company on construction projects in Colorado.

Sincerely,  

Rick L. Kastle  
Vice President
