Ms. Peterson,

I am pleased to submit this recommendation on behalf of Day Construction Company. I have been working with their Colorado team for over 12 years on numerous new, addition, and renovation of existing facility projects throughout the states of Colorado, Texas and Arizona.

Their Project Manager, Jack Stevens, has spent years building relationships with local subcontractors, suppliers, and city agencies. His tough but fair approach to management produces a cooperative project team and unparalleled project control. He is proactive in submitting design solutions for field issues that inevitably arise during the course of construction.

I am confident that Day Construction Company's combination of educational experience and strong Colorado team will be an asset to your upcoming projects.

Please do not hesitate to contact me if I may be of further assistance.

Sincerely,
MNA, Inc.
